Seminar #1: June 6th (10:15am-1:15pm)  Presented by: Dr. Erin Dugan  
**Introduction to Play Therapy & Basic Skills**  
This seminar will provide participants with an overview of the history and development of the basic principles, objectives, goals, therapeutic factors, tenets and dimensions of play therapy. Participants will be encouraged to focus on these important factors as they conceptualize the meaning of play therapy and integrate it into their practice settings. Additionally, this seminar will provide participants with an overview of the basic skills utilized in play therapy. Tracking, Restating Content, Reflecting Feeling, Returning Responsibility, Limit Setting, Choice Giving, Encouraging Effort, and Dealing with Questions will be reviewed and practiced.

Seminar #2: June 20th (9:30-12:30pm)  Presented by Dr. Adrianne Frischhertz  
**The Essentials in Setting Up a Play Therapy Private Practice & Playroom**  
This seminar will provide participants with an overview of the essential components to consider when setting up a play therapy playroom and private practice. Participants will review a variety of materials, logistical aspects, and the 3 categories of toys used to select items to include in the playroom. Multicultural considerations will also be discussed.

Seminar #3: July 11th (9:30-12:30pm)  Presented by Dr. Erin Dugan  
**Advanced Skills and Dimensions in Play Therapy**  
This seminar will provide participants an overview of the essential dimensions used to integrate the knowledge of the basic skills used in play therapy. Particular topics will be discussed including but not limited to working with difficult situations, such as limit-setting, aggression, and parents as well as addressing modern work concerns like measuring progress, and treatment planning.

Seminar #4: July 18th (9:30-12:30pm)  Presented by Dr. Adrianne Frischhertz  
**Engaging Caregivers in Play Therapy**  
This seminar will provide participants with an overview of the essential role caregivers play in the outcome measures of play therapy with their children. Participants will be provided with an overview of the phases caregivers engage in while their child(ren) are receiving play therapy services. Additionally, an overview of forms and assessments utilized to assess the caregivers’ needs and inquiries will be provided.
