

Thank you for registering to attend our seminar. We want to make the process as easy as possible. Please complete a separate registration form for each individual attending.

Registration is by email only. Payment should be sent by mail or paid onsite at registration.

Please complete this form and email to Pat Thomas-Ray, Administrative Assistant, at: [PTthoma@lsuhsc.edu](mailto:PTthoma@lsuhsc.edu). If you have any questions about registration or require assistance, please call the occupational therapy department at 504-568-4302.

## What you will learn:

Following attendance at the seminar, participants will be able to:

1. Define the importance of using standardized measures in occupational therapy practice and report the quality, regulatory, and reimbursement related implications.
2. Examine various measurement tools, tests, instruments, scales, and assessments that can be used in the practice of the adult neurological client.
3. Discuss administration and scoring issues associated with standardized measurement;
4. Assess the utility of appropriate measures for their individual practice;
5. Develop methods to incorporate these tools post-training.

## Seminar Information:

Date: Friday, June 16th, 8AM - 430PM

## Speakers

**Mark Blanchard, OTD, OTR, ATP** - Dr. Blanchard received his doctorate in Occupational Therapy in 2010 and has over 25 years of clinical experience with the neurological population and in upper extremity rehabilitation. He serves as the Academic Fieldwork Coordinator for the LSUHSC Occupational Therapy (OT) department and instructs both neurological and orthopedic coursework in the curriculum.

**Barbara M. Doucet, PhD, LOTR** - Dr. Doucet received her doctorate in Kinesiology in 1997 and has 34 years of clinical experience with the neurological population, specializing in treatment of persons with chronic stroke. She oversees the Free Stroke Clinic that is embedded within the OT curriculum at LSUHSC and supported by a Christopher & Dana Reeve grant. She instructs the research coursework in the LSUHSC OT curriculum.

**Kerrie Ramsdell, MS, LOTR** - Ms. Ramsdell received her masters in Occupational Therapy in 1996 and has over 20 years of experience serving children from birth through age 21. She is a specialist in pediatric and early intervention, family-centered care, and child and maternal health. She instructs the pediatric content and measurement and evaluation courses within the LSUHSC OT curriculum.
