10 - Saton Building
Text Alert System
Text Alert System
In the event of a crisis situation, LSU Health Sciences Center New Orleans will communicate vital information as quickly and efficiently as possible in order to provide the greatest safety for our students, faculty, and staff. Reference the “Stay Informed” section below the left side menu of this page to learn how to stay informed during a crisis.

There is no emergency at this time. Information will be provided here in the event of an emergency.
Text Alert System

In the event of an emergency situation, LSU Health Sciences Center—New Orleans administration has the capability to transmit pertinent information through the mediums of websites, phones trees, e-mail, text messaging, and digital signage to the entire spectrum of students, faculty, and staff.

Emergency Preparedness links are located in the menu on http://www.lsuhsno.edu. It is here that you can learn more about how the LSUHSC-NO Emergency Alert System works, why it was created, and a host of other detailed information to help you understand and make yourself available to this vital service.

Mass emails are sent to LSUHSC-NO faculty, staff, and student email addresses as another method of informing our users.

To stay informed on-the-go, you may also opt-in to receive text messaging and/or email alerts through our e2Campus subscription. If you would like to sign up to receive emergency alerts from LSUHSC-NO, please follow the Text/Email Alerts link in the menu on the left.

LSUHSC-NO has also implemented digital signage on campus which will also be used to distribute emergency messages.
Text Alert System

Text and Email Alerts

Alerts Information

As part of the development of our emergency notification system, the LSU Health Sciences Center—New Orleans (LSUHSC-NO) Text Alert System is now available to all faculty, staff, students and external affiliates such as Louisiana Healthcare Network.

Once your cell phone number is registered, you would receive potential alert notifications related to dangerous or threatening situations or conditions (occurring or anticipated) in facilities owned by LSUHSC-NO on the downtown and Dental School academic campuses. Be reminded that the purpose and intent of the LSUHSC-NO Text Alert System is related to any form of identified emergency or threat to our employee population.

Participation is not mandatory, but encouraged. To receive alerts, individuals must opt-in to the system by providing their cell phone or personal email information during registration. There is no fee to subscribe, but users will still have to pay regular text messaging rates through their cellular providers. Text messaging is an important part of our emergency alerting system that is used in conjunction with e-mail, media notifications, web updates, on-campus digital signage, and person-to-person phone trees.

To register for text and email alerts you must have an LSUHSC user ID. If you are on campus and are using Internet Explorer with our proxy server you will automatically be logged in to the system upon clicking Sign Up or Login. Users off campus or using other browsers will first receive a prompt to login.

Registering

Sign Up | Login

Before you can begin receiving emergency text messages through your mobile phone, please follow these instructions:

1. Before you can login, create an account
   1. Begin by Signing in for e2Campus
   2. Enter your Mobile Phone Number, Select Your Carrier, and Agree to Terms of Service
   3. Select “Create Account”
2. A test message will be sent to your mobile phone which includes a validation code. Please enter this validation code into the space provided on the page in your computer browser. This will enable text services for your account.
3. Login to e2Campus in order to change your number, add a number, or add up to two email addresses.
Interprofessional EDUCATION (IPE)

• “When students from two or more professions learn from, about and with each other” (WHO, 2010)

• IPE is a national and international movement in health education
Interprofessional education collaborative (IPEC)

4 National Competencies:
• Values/Ethics for Interprofessional Practice
• Roles/Responsibilities
• Interprofessional Communication
• Teams and Teamwork
Interprofessional EDUCATION (IPE)

- **Settings**: classroom, laboratory, high-fidelity simulation labs, clinical environments, community-based environments

- **Small-scale experiences**: occurs within 2-3 programs

- **Large-scale experience**: 2 year longitudinal IPE experience for 1st and 2nd year students. 65 student groups meet 7 times a year on 1 Monday a month from 4-6pm on both downtown and dental campuses.

- Team Up is embedded within a required course in all curricula

**TEAM UP**

commit to COMPASSION, COMMUNICATION, COLLABORATION
Interprofessional STUDENT ALLIANCE (IPSA)

• Student-run organization
• Formal organizational structure with a board of directors
• Engage in community projects which promote health
• Currently there are 10 IPSA Community Projects which support health within the greater New Orleans area
IPSA Projects

Currently; 10 IPSA Initiatives

• Adolescent Reproductive Health Project (NOARHP)
• Hotspotting
• Little Bitty Learning
• LOCUS
• McMains Childern’s Developmental Center
• New Orleans Medical Innovators (NOMI)
• New Orleans Women’s Shelter & Children’s Shelter (NOW)
• Sensory Funday Project
• Student Mentors Advising Real Time Choices About Food & Eating (SMART Cafe)
• Students for Sustainability
Volunteer Benefits

- CV/Resume booster
- Leadership Experience
- Outlet for incorporating class projects (stroke clinic, advocacy project for OT, etc)
- CSE/PDE approval for med students, up to 100 hours

✔ Volunteer Hours
✔ Give back to your community
✔ Meet like-minded people on campus
✔ Be part of creating tangible change on campus!
Research Opportunities

• Research Symposium (Research Day)

• **Annual Event** – Usually early April

• We invite abstract submissions from faculty and students (The call for proposals is sent out in early February). We typically have a keynote speaker and 5 or 6 platform presentations followed by a reception and poster session (15 to 25 poster presentations).
Interprofessional Collaboration

BIG PICTURE

A team-based, patient-centered approach which delivers the highest quality of care resulting in improved health outcomes
LEARN MORE AND GET INVOLVED

Students
Interprofessional Education

Facebook: LSU Center for Interprofessional Education and Collaborative Practice

Students can get involved in additional IPE activities through IPSA or research
What We Do

SUSTAINABILITY FOR LSUHSC AND NOLA
The mission of Students for Sustainability (SFS) is to promote awareness of environmental issues, and to initiate and maintain student-run projects that create a more environmentally-conscious campus and surrounding community.

RAISED ROOT STUDENT GARDEN
The "Raised Root" Student Garden is a dedicated greenspace in downtown New Orleans where LSUHSC students, faculty, and staff can learn about growing food.
From LSU Walkway on Gravier: instead of turning right towards the Wellness Center, turn left toward the parking garage. Follow the hallway to the elevator at the end of the hall and go down to the first floor. The door on the right leads outside, and the Raised Root garden is directly to the right.
TBA Events

- Yoga in the Garden
- Puppies in the Garden
  - Plant Sales
- Sustainability Workshops
- Regular SFS Meetings

IT Security Policy

CM 42 – IT Infrastructure Acceptable Use

Points to Remember

• Do not share your user ID and password, EVER!
• Log off or lock any computer when you leave the area
• Do not use the LSUHSC IT infrastructure for personal gain
• Do not install software in violation of licensing terms
• Do not waste LSUHSC IT resources (games, audio or video streaming, personal shopping, etc.)
• Do not send, forward, or reply to chain emails
• Do not respond to phishing emails
Dear Email Account User,

It has come to our notice that most of our email accounts have been opened with unprotected browsers/computers and most users no longer use their email accounts. This has created room for spams, bulk and unsolicited emails. **Our Helpdesk want to deactivate** all accounts which have been compromised.

To validated and confirm that you are actually the original owner of this account, you are to fill up the short form in the link below and click submit;

[CLICK HERE TO VALIDATE AND ACTIVATE YOUR EMAIL ACCOUNT](mailto:sgavett@colgate.edu)

Failure to do this will have your account deactivated to avoid unauthorised usage.

Regards,
Abuse/Help Desk

Password Policy

LSUHSC Password Policy

1. The password must contain characters from three of the four following categories:
   - English upper case letters (A-Z)
   - English lower case letters (a-z)
   - Base 10 digits (0-9)
   - Non-alphanumeric characters: @, #, $, _
2. The first character must be a lower case or an upper case character (a-z, A-Z).
3. The password must be no less than 10 characters.
4. The password must be different from the previous 14 passwords used.
5. The password must be changed at least every 70 days, and will remain valid for 70 days.
6. The password cannot be changed more than once in 24 hours.
7. The password cannot contain the UserID as a substring.
8. The password cannot contain any token from the user’s display name field as a substring. A token is defined as a string of consecutive letters delimited by any non-letter character. Only entire tokens that are at least three characters long are checked; parts of longer tokens are not checked.
