

CURRICULUM VITAE

Rachel Wellons, PT, DPT, Board Certified Clinical Specialist in Neurologic Physical Therapy

Date: February 18, 2025

School: Allied Health

Department/Program: Physical Therapy

Current Title: Clinical Associate Professor of Physical Therapy

Business Address: 1900 Gravier Street, Office 71C

Business Telephone: 504-568-4284

Business email Address: rtromm@lsuhsc.edu

Initial Appointment at LSUHSC Date: January 1, 2011

Current Academic Rank: Clinical Associate Professor

Date of Appointment to Current Rank: July 1, 2018

Education:

University of Scranton
Scranton, PA
August 1998-May 2002
Physical Therapy
B.S. in Health Sciences

University of Scranton
Scranton, PA
June 2002-May 2003
Physical Therapy
Masters of Physical Therapy

Thomas Jefferson University
Philadelphia, PA
January 2006-December 2006
Physical Therapy
Doctor of Physical Therapy

Certification:

Board Certified Clinical Specialist in Neurologic Physical Therapy
American Board of Physical Therapy Specialists
Initial Certification: June 2009-June 2019
Recertification: June 2018-June 2029
MOCS Recertification: 1st round June 2022

Licensure:

Physical Therapy License #07997, Louisiana State Board of Physical Therapy
Examiners, effective 1/1/2011 and expires 4/1/2026
Previously held licenses in New Jersey and Pennsylvania

Academic, Professional, and Research Appointments:

Staff Physical Therapist
RehabCare Group
Philadelphia, PA
October 2003-June 2004

Staff Physical Therapist
The Graduate Hospital
Philadelphia, PA
July 2004-August 2005

Thomas Jefferson University Hospital
Philadelphia, PA
Staff Physical Therapist September 2005-June 2007
Advanced Clinician I June 2007-May 2008
Neurological Clinical Specialist May 2008-December 2010

Adjunct Faculty
Drexel University
Philadelphia, PA
April 2010-June 2010
January 2010-March 2010
April 2009-June 2009

Adjunct Faculty
Thomas Jefferson University
Philadelphia, PA
January 2010-May 2010

Clinical Assistant Professor of Physical Therapy January 2011 – June 2018
Clinical Associate Professor of Physical Therapy July 2018-Present
Louisiana State University Health New Orleans
New Orleans, LA

Awards and Honors:

Outstanding Graduate in Physical Therapy
University of Scranton
May 2003

STAR Award
Thomas Jefferson University Hospital
September 2010

School of Allied Health Professions Award for Clinical Excellence
 LSU Health Sciences Center, School of Applied Health Professions
 December, 2016

School of Allied Health Professions Award for Service Excellence
 LSU Health Sciences Center, School of Applied Health Professions
 June 2022

Teaching Awards:

Excellence in Education
 Thomas Jefferson University Hospital, Department of Rehabilitation
 October 2008

Excellence in Education
 Thomas Jefferson University Hospital, Department of Rehabilitation
 October 2009

TEACHING EXPERIENCE AND RESPONSIBILITIES

Curriculum Development/Implementation

All faculty participate in curriculum evaluation, development, and implementation. Every year faculty contributed to a shared document about major changes. We meet for approximately 8 hours, reviewing changes, feedback from our stakeholders (students, employers of our students, clinical instructors) and curricular documents. The faculty work together on making necessary changes. If a particular topic requires more work faculty are separated into small groups to work on these changes. I've participated in several of these smaller groups looking at making changes to credits/sequencing of coursework, pain neuroscience, and pediatric physical therapy.

Creation of Enduring Teaching Materials

In my time at LSU Health New Orleans I've created several forms of enduring teaching material. During the COVID pandemic, I recorded all of my lectures (see classes below for the scope of material), though those resources were created in 2020-2021 and have been and will need to be updated as time proceed. Furthermore I also created videos in 2020-2021 of all of the hands on skills that I instruct for Evidence-based PT I (Neuro exam skills), Diagnosis and Management of Neuromuscular Disorders I and II (neuro exam skills, mobility techniques skills, and intervention skills).

Formal Course Responsibilities

PHTH 7130: Foundational Science of Movement
 Lecture
 Lecturer, 2011-2017 (2 hours per year)

PHTH 7110 Introduction to Professional Practice in Physical Therapy
 Lecture, Large Group Discussion
 Course Coordinator and Lecturer, 2017-present (13 hours per year)

PHTH 7101 Evidence Based Physical Therapy I: Clinical Analysis

Lab, Small Group Discussion

Lab Assistant, 2011 (64 hours)

Lecturer/Lab Session Leader 2016-present (12 hours per year)

Small Group Discussion, Lab Leader, Clinical Supervisor 2011-present (12 hours per year)

SPTHAUD 7323 Advanced Vestibular Testing & Rehabilitation

Lecture, Large Group Discussion, Small Group Discussion, Clinical Education

Lecturer, 2012-Present (3 hours per year)

PHTH 7135 Human Development Across the Lifespan

Lecture, Large Group Discussion, Small Group Discussion

Lecturer, 2016-2018 (3 hours per year)

Course Coordinator, 2019-2024

Lecturer, 2019-2024 (9 hours per year)

PHTH 7102 Evidence Based Physical Therapy II

Lab

Small Group Discussion, Lab Leader, Clinical Education 2011-present (13 hours per year)

PHTH 7241 Neuroscience I

Lab

Lab Assistant 2011 and 2013 (12 hours)

PHTH 7270 Diagnosis and Management of Neuromuscular Dysfunction I

Lecture, Lab, Large Group Discussion, Small Group Discussion, Clinical Education

Course Coordinator, Lecturer, Lab Assistant, Clinical Education Supervisor

2017-present, 90 total hours per year (41 lecture, 34 lab, 15 Clinical Education Supervisor)

PHTH 7233 Neuroscience II

Lecture

Course Coordinator and Lecturer

2011-2016 (32 hours per year)

PHTH 7240 Motor Behavior

Lecture, Lab, Large Group Discussion, Small Group Discussion, Clinical Education

Course Coordinator, Lecturer, Lab Leader, Clinical Education Supervisor

2011-2017, 87 total hours per year (31 lecture, 35 lab, 21 Clinical Education Supervisor)

PHTH 7233 Therapeutic Interventions

Lecture, Lab

Lecturer, Lab Leader

2012-present, 15 hours total (3 lecture, 12 lab)

Faculty Facilitator, Integrated Case-Based Application Lab

Lab, Small Group Discussion

2012 – present, 6 hours per year

PHTH 7271 Diagnosis & Management of Neuromuscular Dysfunction
 Lecture, Lab, Large Group Discussion, Small Group Discussion, Clinical Education
 Course Coordinator and other roles listed above
 2011-2017, 119 hours per year total per year (35 Lecture, 63 Lab, 21 Clinical Education
 Supervision)

PHTH 7271 Diagnosis & Management of Neuromuscular Dysfunction II
 Lecture, Lab, Large Group Discussion, Small Group Discussion, Clinical Education
 Course Coordinator and other roles listed above
 2018-present, 127 total hours per year (52 Lecture, 60 Lab, 15 Clinical Education)

PHTH 7243 Neurosciences III
 Lecture, Large Group Discussion
 Lecture
 Course Coordinator and Lecturer
 2011-2017, 24 hours per year

PHTH 7234
 Prosthetics & Orthotics in PT
 Lecture, Lab, Small Group Discussion, Large Group Discussion
 2012-Present, 34 total hours per year (12 lecture, 21 lab)

Integrated Case Application Lab DPT II
 2012 – present, 4 hours per year

Undergraduate, Medical, or Graduate Student Research Projects

Banta R, Ortego M, Julian A, Mahoney R, Hoychick K. Effect of robotic assisted therapy on functional upper extremity outcome in patients with stroke.
 Physical Therapy Department: LSU Health Sciences Center New Orleans
 Capstone Project; Class of 2012
 Research Advisor

Day L, Niland A, Matherne L. Effect of hippotherapy on function in a child with an acquired brain injury.
 Physical Therapy Department: LSU Health Sciences Center New Orleans
 Capstone Project; Class of 2012
 Research Advisor

Comeaux A, Blaylock L, Danna E. The use of the Kinect system on balance and gait in an individual with stroke.
 Physical Therapy Department: LSU Health Sciences Center New Orleans
 Capstone Project; Class of 2013
 Research Advisor

Buttone L, Dicharry D, Dupont R. The use of the five repetition sit to stand test (FRSTST) in assisted living populations.
 Physical Therapy Department: LSU Health Sciences Center New Orleans

Capstone Project; Class of 2013
Research Advisor

Guidry H, Lafont A. Physicians' knowledge and practice patterns for patients with vestibular disorders.

Physical Therapy Department: LSU Health Sciences Center New Orleans
Capstone project; Class of 2014
Research Advisor

Allen A, Sehrt E, Stancliffe T. Use of an optokinetic stimulation DVD on reduction of visual vertigo.

Physical Therapy Department: LSU Health Sciences Center New Orleans
Capstone Project; Class of 2014
Research Advisor

Jones D, Kurtz K, Riley E. Effects of robotic therapy on quality of life and functional recovery in stroke.

Physical Therapy Department: LSU Health Sciences Center New Orleans
Capstone Project; Class of 2014
Research Advisor

Bissell A, Knecht L, Naquin C. The impact of anxiety and depression on outcome measures in patients with vestibular disorders.

Physical Therapy Department: LSU Health Sciences Center New Orleans
Capstone Project; Class of 2015
Research Advisor

Evans S, Guasco S, Gvoich M. Normal values for the modified clinical test of sensory interaction in balance for patients with vestibular disorders.

Physical Therapy Department: LSU Health Sciences Center New Orleans
Capstone Project; Class of 2016
Research Advisor

Dobies K, Montgomery M, Rech E. Normal gait speed values for patients with vestibular disorders.

Physical Therapy Department: LSU Health Sciences Center New Orleans
Capstone Project; Class of 2016
Research Advisor

Arceneaux B, Frances E, Shropshire T. The effects of early PT on recovery from neurological symptoms in adolescent athletes with concussion.

Physical Therapy Department: LSU Health Sciences Center New Orleans
Capstone Project; Class of 2017
Research Advisor

Boyle C, Salzer K, Shea B. Use of a decision tree on the impact of falls in the assisted living population.

Physical Therapy Department: LSU Health Sciences Center New Orleans
Capstone Project; Class of 2017
Research Advisor

Denison C, Leumas C. Impact of a wellness program for individual with incomplete Spinal Cord Injury: A pilot study.

Physical Therapy Department: LSU Health Sciences Center New Orleans

Capstone Project; Class of 2017

Research Advisor

Balint J, Credeur H, Dufrene R, Pepperman E. The impact of vestibular rehabilitation on activity level of patients with vestibular disorders.

Physical Therapy Department: LSU Health Sciences Center New Orleans

Capstone Project; Class of 2018

Research Advisor

Diaz G, Gonzalez C, Johnson M, Steen B. Validation of Stepwatch Activity Monitor in assessing physical activity in individuals with vestibular disorders.

Physical Therapy Department: LSU Health Sciences Center New Orleans

Capstone Project; Class of 2018

Research Advisor

Dunne J, Epling S, Logan G, MacDougall L, Macaluso K, McConnell D. Impact of boxing exercise on activity, balance, gait and quality of life in Parkinson's patients.

Physical Therapy Department: LSU Health Sciences Center New Orleans

Capstone Project; Class of 2019

Research Advisor

Leboeuf L, McNeill K, Sherwood C, Talley L, Varisco T. Minimal clinically important difference in the Activities-Specific Balance Confidence Scale for individuals with vestibular disorders.

Physical Therapy Department: LSU Health Sciences Center New Orleans

Capstone Project; Class of 2020

Research Advisor

Drude T, Kurtz K, Metzger P, Sothern J. Minimal clinically important difference in gait speed for individuals with vestibular disorders.

Physical Therapy Department: LSU Health Sciences Center New Orleans

Capstone Project; Class of 2020

Research Advisor

Keller B, Nguyen V, Schmidt M, Smith G, Snellgrove M, Webb J. Investigating health disparities and outcomes in outpatient vestibular rehabilitation.

Physical Therapy Department: LSU Health Sciences Center New Orleans

Capstone Project; Class of 2021

Research Advisor

Received Best Capstone Defense Award, Department of Physical Therapy, 2021.

Crawford A, Dares E, LeJeune S, Nguyen T, Troxler C, Uzee S. The impact of physical therapy interventions on post concussive symptoms sustained during military service: a systematic literature review.

Physical Therapy Department: LSU Health Sciences Center New Orleans

Capstone Project; Class of 2022

Research Advisor

Cazenave S, Hood J, Lane A, Temonia E, Watlington P. A comparison of in-clinic versus telehealth vestibular physical therapy.

Physical Therapy Department: LSU Health Sciences Center New Orleans
Capstone Project; Class of 2022
Research Advisor

Jones W, Schiro T, Struble T. Cervical spine range of motion, pain, and disability in individuals with vestibular disorders.

Physical Therapy Department: LSU Health Sciences Center New Orleans
Capstone Project; Class of 2024
Research Advisor

Dugas C, Gerrets A, Goff L, Hauth E, Schouest E. Investigating the ability of vestibular rehabilitation therapists in vestibular-ocular reflex exercise instruction

Physical Therapy Department: LSU Health Sciences Center New Orleans
Capstone Project; Class of 2025
Research Advisor

Formal Mentoring and Advisor:

Number of students that I have advised in my time at LSU Health New Orleans

- Academic Year 2011-2012: 8
- Academic Year 2012-2013: 13
- Academic Year 2013-2014: 18
- Academic Year 2014-2015: 16
- Academic Year 2015-2016: 16
- Academic Year 2016-2017: 19
- Academic Year 2017-2018: 19
- Academic Year 2018-2019: 18
- Academic Year 2019-2020: 15
- Academic Year 2020-2021: 14
- Academic Year 2021-2022: 14
- Academic Year 2022-2023: 24
- Academic Year 2023-2024: 24
- Academic Year 2024-2025: 21

RESEARCH AND SCHOLARSHIP

Grants and Contracts:

Funded

Grant Title: Research Travel Grant

Funding Agency: LSU Health School of Allied Health Professions

Total Funding Amount: \$488

Role on Grant: PI

Funding Period: June, 2015

Percent Effort: N/A

Grant Title: Educational Enhancement Grant Travel Award
 Funding Agency: LSU Health Sciences Center New Orleans Teaching
 Academy Total Funding Amount: \$750
 Role on Grant: PI
 Funding Period: July, 2016
 Percent Effort: N/A

Grant Title: Impact of Vestibular Rehabilitation on the Physical Activity Level
 of Individuals with Vestibular Disorders
 Funding Agency: Dean's Intramural Grant, LSU Health School of Allied
 Health Professions
 Total Funding Amount: \$9,361.36
 Role on Grant: PI
 Funding Period: March 29, 2017 – June 29, 2018
 Percent Effort: N/A

Grant Title: Virtual Tai Chi Program for People with Mild to Moderate
 Parkinson Disease and Their Caregivers in Community with Diversity.
 Funding Agency: Parkinson Foundation Community Grant
 Role on Grant: Co-PI
 Total Funding Amount: \$6,254.00.
 Funding period: July 1, 2024 to June 30, 2025
 Percent Effort *(Howe fill this in)*

Grant Title: Research Travel Grant
 Funding Agency: LSU Health School of Allied Health Professions
 Total Funding Amount: \$1521
 Role on Grant: PI
 Funding Period: October, 2024
 Percent Effort: N/A

Recent non-funded applications

Grant Title: Investigating the Effectiveness of Vestibular Rehabilitation
 Therapist in Delivery of Vestibulo-Ocular Reflex (VOR) X 1
 Funding Agency: Dean's Intramural Grant, LSU Health School of Allied
 Health Professions
 Total Funding Amount: \$4787
 Role on Grant: PI
 Percent Effort: N/A

Major Area of Research Interest:

My research focuses on clinical translational research in neurologic physical therapy, aiming to bridge the gap between scientific discovery and practical application in rehabilitation. I investigate the efficacy of physical therapy interventions for individuals with neurologic disorders, with a particular emphasis on factors influencing rehabilitation outcomes, such as balance and gait. Additionally, my work explores outcome measures for assessing balance, gait, and fall risk in elderly individuals and those with neurologic conditions to enhance clinical decision-making. I am also dedicated to educational scholarship in neurologic physical therapy, striving to advance teaching methodologies and improve the training of future clinicians in this specialized field.
