»Services are **CONFIDENTIAL** and **NO COST** to you

Campus Assistance Program

- Faculty, staff, house officers, and students utilize CAP for many different personal and/or academic concerns, including mental health, family/relationship problems, job/academic performance, alcohol/drug use, and interpersonal conflicts
- Personal problems can have a negative impact on academic performance
- These problems can affect your concentration, morale, energy level, as well as the overall effectiveness of your role as a student
- Early attention to such personal problems can lead to better outcomes
- For additional information visit: <http://www.lsuhschool.edu/orgs/campushealth/cap.aspx>

Key Strategies for Self-Care

- Prioritize self-care fundamentals
- Set realistic expectations and boundaries
- Develop effective study strategies
- Build and maintain relationships
- Seek support early
- Maintain perspective and purpose
- Practice stress management techniques

Suicide Prevention in Healthcare Trainees: The Scope

Healthcare trainees face significantly elevated rates of psychological distress, burnout, and suicide risk

BY THE NUMBERS

2×

Medical Students
die by suicide vs. age-matched peers (AAMC)

54%

Medical Students
report burnout symptoms during training (Rotenstein et al., JAMA 2016)

45%

Dental Students
report high/moderate psychological distress (Elani et al., J Dent Educ 2014)

3.4×

Female Physicians
higher suicide rate vs. women in the general population (Schernhammer & Colditz 2004)

400+

Physicians annually
die by suicide — equiv. to 1–2 med school classes (AMA)

1 in 4

Residents
screen positive for depression (Mata et al., JAMA 2015)

41%

Nursing Students
report burnout; higher suicide ideation vs. general students (Rudman & Gustavsson 2012)

~40%

Grad & Allied Health
report moderate-high distress; less institutional support than medical peers (NASEM 2019; WHO 2022)

Warning Signs & What To Do: The ACT Model

WARNING SIGNS

TALK

- Expressing hopelessness or wishing to be dead
- Saying 'everyone would be better off without me'
- Talking about being a burden or having no reason to live
- Giving away valued belongings

BEHAVIOR

- Withdrawal from peers, faculty, or activities
- Declining performance; dramatic mood changes
- Researching methods; increased substance use

FEELINGS

- Expressing unbearable emotional or physical pain
- Feeling trapped, shameful, or with no way out
- Sudden calmness after a period of depression

⚠ **ANY sign warrants compassionate outreach. Asking directly does NOT increase risk.**

THE ACT MODEL — WHAT TO DO

A

ACKNOWLEDGE — Ask Directly

- Ask plainly: 'Are you thinking about suicide?'
- Listen without judgment; do not minimize their pain
- Stay calm, present, and validate their feelings

C

CARE — Stay & Connect

- Express genuine concern: 'I'm worried about you'
- Do not leave the person alone if at immediate risk
- Help limit access to lethal means if safe to do so

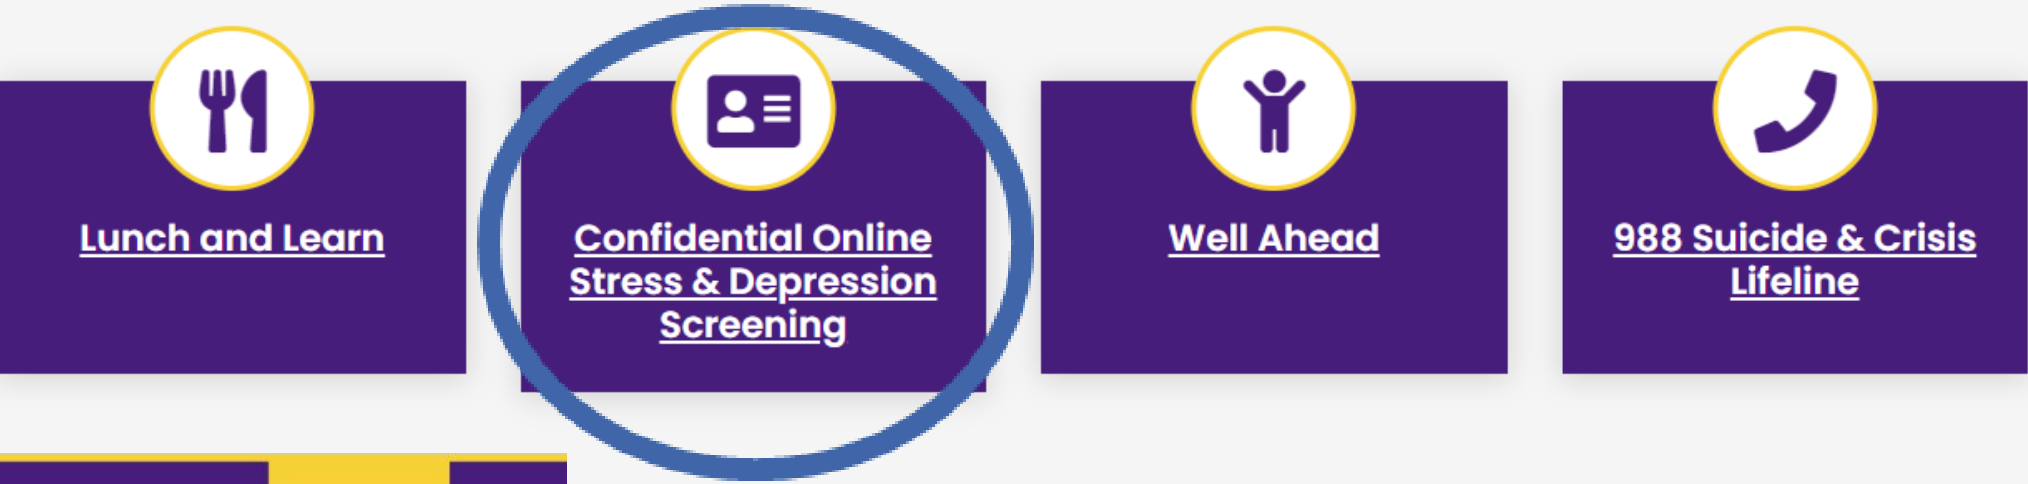

T

TELL — Refer to Help

- Encourage professional support — offer to call together
- Contact CAP (504) 568-8888 or walk them there
- Follow up — your continued connection matters

Welcome!

Thank you for taking action to find out how stress and depression may be affecting you - and how you can get help for these problems at Louisiana State University Health Sciences Center - New Orleans.

This website and the services offered are intended **ONLY** for students, residents, faculty, and staff at LSUHSC-NO. Your participation is completely *voluntary and anonymous*.

This is *not* a crisis intervention service. If you are in crisis, please use the resources listed on this page.

Take 3 Easy Steps

1. Click the "Sign Up" button below

2. Create a User ID and password, allowing for complete anonymity

3. Take and submit the Questionnaire, which takes less than 10 minutes to complete

What Happens Next?

A campus counselor will review your Questionnaire and post a personal response to you on this secure website. The response will include information, recommendations, and options for next steps.

You decide what's next. You'll have the option of communicating with the counselor through this website, on the phone or in person. Or, you can decide to do nothing further at this time.

It's up to you. No follow-up services will be provided unless requested.

YOUR SUCCESS & WELLNESS **MATTER.**

Be Well: Student Success and
Wellness is here for you.

LSU Health
NEW ORLEANS

Be Well: Student Success and Wellness

Two Goals

Goal 1:

Financial Literacy Awareness

Foster an environment of wellness that increases students' awareness of their own financial literacy

Goal 2:

Perceived Stress Awareness

Foster an environment of wellness that increases students' awareness of their perceived stress

Why This Matters

- Financial Literacy:
 - Healthcare students graduate with average debt of \$100,000 - \$300,000
 - Financial stress impacts academic performance, clinical decision-making, and career choices
 - Many delay life milestones (home ownership, family planning) due to financial uncertainty
- Perceived Stress:
 - Healthcare students experience depression rates 2-5x higher than general population
 - Unmanaged stress leads to burnout, compassion fatigue, and medical errors
 - Self-awareness is the first step toward seeking support and developing coping strategies
- The Connection:
 - Financial worry is a leading cause of stress among healthcare students
 - Students who understand their stress and finances make better decisions for their wellbeing
 - Investing in student wellness directly impacts future patient care quality

Supporting your Success and Wellness

PSS-10

iGrad

Identifies stress levels before reaching crisis or burnout

Connects to support matched to individual needs
(low/moderate/high stress)

Improves performance - addressing stress enhances clinical skills
and decision-making

Tracks progress - monitor whether stress management strategies are
working

Builds career-long skills - self-awareness and help-seeking essential
for healthcare professionals

Normalizes wellness - makes mental health screening routine part of
student experience

Creates financial clarity - understand your debt, budget, and
repayment options

Reduces money stress - transforms worry into knowledge and
actionable steps

Improves borrowing decisions - borrow smarter, reduce total debt
burden

Prepares for graduation - understand loan repayment before first bill
arrives

Enhances academic focus - less financial worry = better
concentration on studies

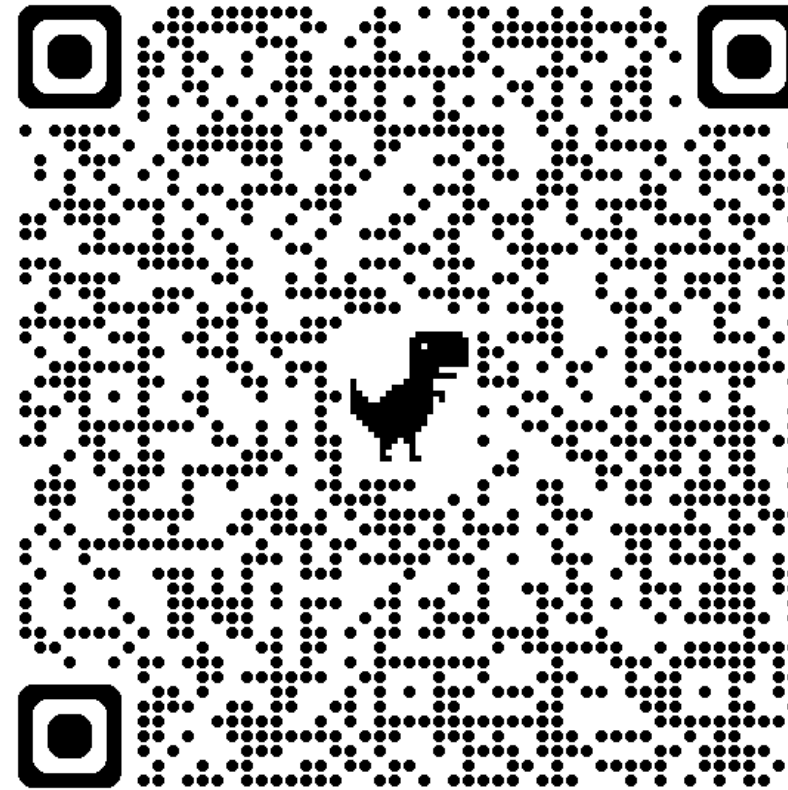

Builds lifelong skills - financial wellness essential for sustainable
healthcare career

What Happens Next

- You'll complete the PSS-10 survey today
- Survey takes less than 5 minutes
- You'll receive personalized feedback and resources via email based on your stress level
- Review resources matched to your needs
- Reach out if you need support
- iGrad login is the same as your LSUHSC login. Sign up today - complete the financial checkup

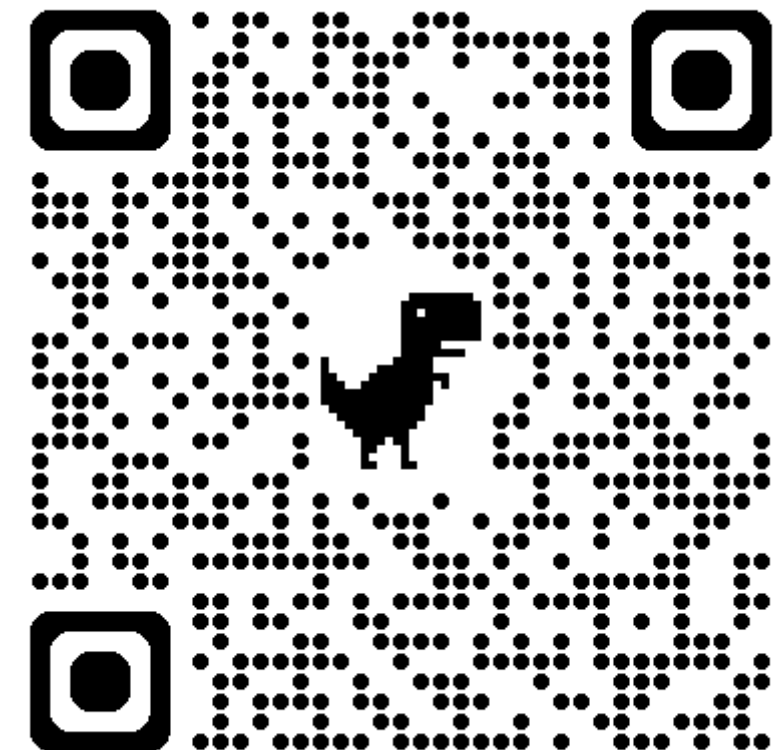

PSS-10 / iGrad

- Your decision to take or not take this survey will in no way impact your enrollment at LSUHSC-NO
- Individual responses are confidential
- All identifying information is removed
- Data used only in aggregate form
- Seeking help is encouraged and supported

Why TEAM UP Matters

Think about the best team you've ever been on.

What made that team successful?

The TEAM UP Journey

Year 1:

Understanding People Through IP Collaboration

- Professional Roles & Perspectives
- Team Communication
- Networking
- Health Partner Project

The TEAM UP Journey

Year 2:

Applying Collaboration to Real Problems

- Team-based problem solving
- Collaborative practice
- Case work & Simulation experiences
- Collaborative Practice Solutions Project

Student Expectations:

- ✓ Attend Sessions
- ✓ Complete assignments ($\approx 1\text{h} / \text{s}$)
- ✓ Participate in activities
- ✓ Complete the team project
- ✓ Earn at least 80% of points

What the Year Looks Like

Student Perspectives:

"At first, I wasn't sure what to expect. But TEAM UP became a great opportunity to learn about other professions, see all professions bring value, and experience how we all work together."

"The more you participate, ask questions, and get to know your teammates, the more meaningful the experience becomes."

Be Curious. Be Open-Minded. Be Engaged.

Next Steps:

- Check to be added to TEAM UP Moodle course
- Read TEAM UP emails (welcome & pre-work)
- Attend Session 1 on Zoom
 - *August 24th; 4:00pm - 5:00pm*
- Be ready to engage

Phishing!

Phishing is a type of cyberattack where attackers use deceptive emails, messages, or websites to trick individuals into revealing sensitive information, such as usernames, passwords, and other sensitive information. These attacks often appear to come from legitimate sources, such as trusted companies or colleagues, making them difficult to detect.

If you aren't sure if a message is Phishing, please contact your local IT Support team via the IT Service Desk or Call the Help Desk.

If you receive a phishing email, you should use the "Report" functionality in Outlook.

Common Indicators of Phishing

- Fees - \$25 gate card fee for first time parkers, Fall effective parking fee \$180 (valid thru next Summer)
- Parking rules and regulations
- Campus Parking app and Parking Account Portal

Add Profile using your LSUHSC credentials to Single Sign On. For Parking Profile select your permit type (select, check box, save)

Click Permit Portal to access your affiliated parking account on the parking portal and select Get Permits. Permit decal and parking card needed to access gated areas.

ParkZen Respects Users' Privacy

We are committed to protecting users' privacy

ParkZen only asks for "Allow Always Location" permission to work even when the app is terminated and process parking activity data from the user's smartphone device

ParkZen **does not track** the location history, identity or other sensitive user data

Data is processed locally **within a user's device** and not shared with ParkZen

ParkZen only collects **anonymized** locations and times of parking and/or open spots left by users within the campus property

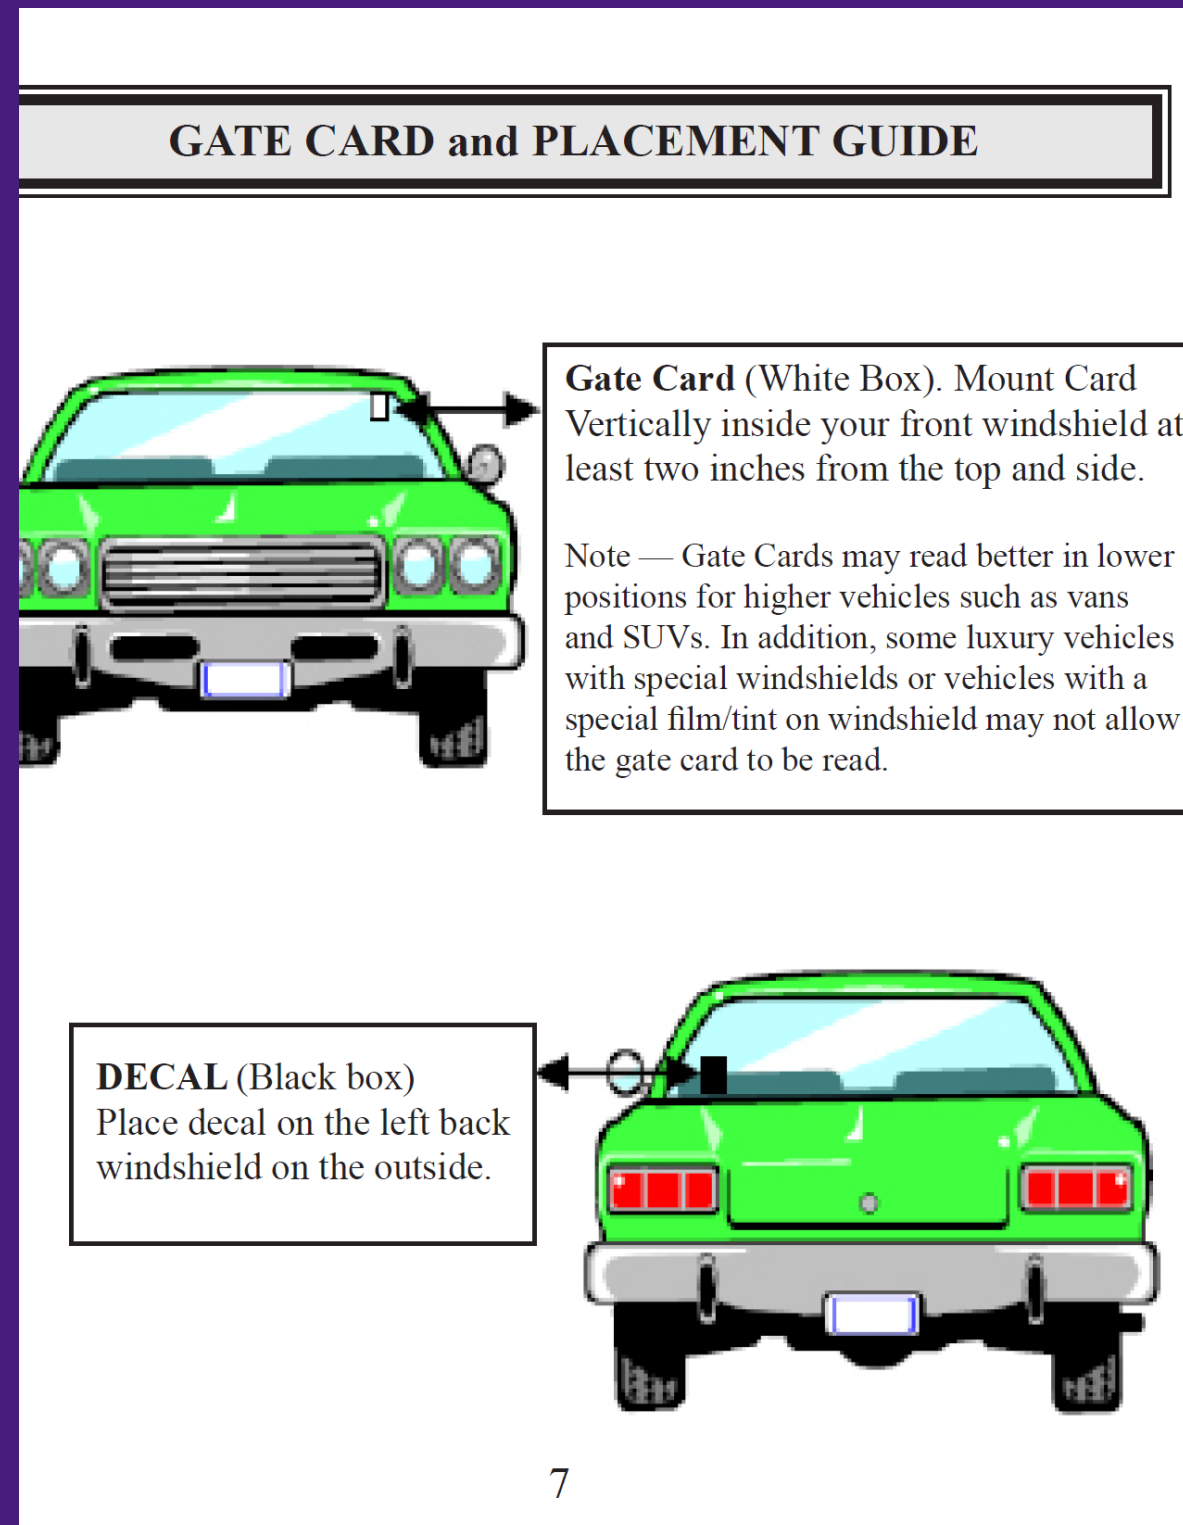

The parking and lot occupancy data are stored securely using Google cloud services and protected by the highest IT security standards

Parking Portal for Student Online Parking Registration

- *The information on this page summarizes the online parking registration process. Students must still select Parking Fee and Parking Gate Card on Optional Fee Form submitted to Bursar's Office.*
- Register online by entering our Online Parking Account site with your LSUHSC credentials (username and password). Use the following link and click Log in.
- Since you will already be credentialed with the University, click on the Affiliated Login option.
- Enter your University Login ID (Username) and Password.
- Select Get Permits and options will be listed. Select and add your Student permit and card (if necessary). A gate card is needed for all gated lots. The options for Student parking permits are Student Commuter lots and Perdido Place Res Hall lot (1900 Perdido Street tenants only). Students moving into the privately run Residences at LSU Health should select the Student Commuter lots option. The next step will be to add your vehicle information and then attach a copy of vehicle registration for verification. Select Delivery Option so that you can pick up at Parking Services prior to Orientation or on Orientation day. . Verify Cart details, select Payment Method (Bursar LSU Student Fees), and click Pay Now. Please confirm that you submitted your Optional Fee form to the Bursar with your necessary parking fees/gate card checked off.

Financial Aid Basics

Financial Aid & The FAFSA

- Financial aid is money provided to students to help cover college costs. It helps bridge the gap between what families can afford and the cost of education. Sources include federal and state governments, colleges, and private organizations.
- The Free Application for Federal Student Aid (FAFSA) is the form students fill out to determine their eligibility for financial aid for college. This includes grants, loans, and work-study programs.

KEY INFORMATION:

- You will need your SSN and should know how to locate your tax information.
- Be aware of both federal and state deadlines as they can affect the amount of aid you receive

Cost of Attendance vs. Fee Bill

The Cost of Attendance (COA) for financial aid purposes is the costs that we anticipate students *could* incur during the academic year. We include costs for:

- Tuition & Fees
- Transportation
- Housing & Food
- Miscellaneous & Personal Expenses

Your COA is not what you will owe, it is the maximum dollar amount that you can be awarded in financial aid.

Types of Financial Aid

- **Grants:** Need-based aid. Do not have to repay.
- **Scholarships:** Merit and/or need-based aid. Do not have to repay.
- **Loans:** Borrowed money that must be repaid (e.g., federal student loans)
 - Subsidized, Unsubsidized, Parent PLUS
- **Work-Study Programs:** Part-time jobs for students with financial need. Does not go towards your fee bill but is a direct payment to the student as a monthly paycheck.

Federal Student Aid Changes effective July 1, 2026. Please view all changes [here](#).

The Student Financial Aid Office administers grants, loans, scholarships, and part-time employment. Students interested in receiving financial aid should contact this office well in advance of their expected enrollment. Each student's need for aid will be evaluated on information supplied and in accordance with Financial Aid Policy of the Health Sciences Center. Representatives of the office are available for consultation with all candidates for admission and with students.

Although the primary responsibility for financing an education rests with the student and the student's immediate family, it is recognized that many students require additional assistance in order to meet their educational costs.

Changes Effective July 1, 2026

- Federal PLUS Loan Changes
- Loan Limit Changes
- Less-Than-Full-Time Loan Adjustments

Federal PLUS Loan Changes

- **Parent PLUS Loans** will continue to be available, but new borrowing limits will apply-
 - ***New Annual Limit*** of \$20,500
 - ***New Lifetime Limit*** of \$65,000
- **Graduate PLUS Loans** will be eliminated for enrollment periods that begin on or after July 1, 2026

Loan Limit Changes

Direct Subsidized and Direct Unsubsidized Loans have three different types of loan limits:

- 1) **Annual Loan Limit:** The maximum loan amount you can borrow each academic year
 - ***Graduate*** \$20,500
- 2) **Aggregate Loan Limit:** The maximum amount of unpaid principal balance minus any capitalized interest you have outstanding for your degree
 - ***Graduate*** \$100,000
- 3) **Lifetime Maximum Loan Limit:** The maximum amount you can receive, regardless of any amount paid or discharged, in any combination of subsidized loans, unsubsidized loans, and PLUS Loans.
 - ***All Borrowers*** \$257,500

Less-Than-Full-Time Loan Adjustments

Beginning with the 2026-2027 award year, if a student is enrolled less than full-time in an eligible program, their Federal Direct Loan limit will be reduced based on the number of credits they are taking compared to full-time enrollment.

Who Are We?

- Students for Sustainability is comprised of a group of students from all disciplines of the Louisiana State University Health Sciences Center who have united to develop, implement, and oversee campus-wide initiatives that will make LSUHSC and its surrounding community a more environmentally conscious place to learn.
- We host events, plant sales, manage the Raised Root Student Garden, and advocate and monitor recycling on our campus.

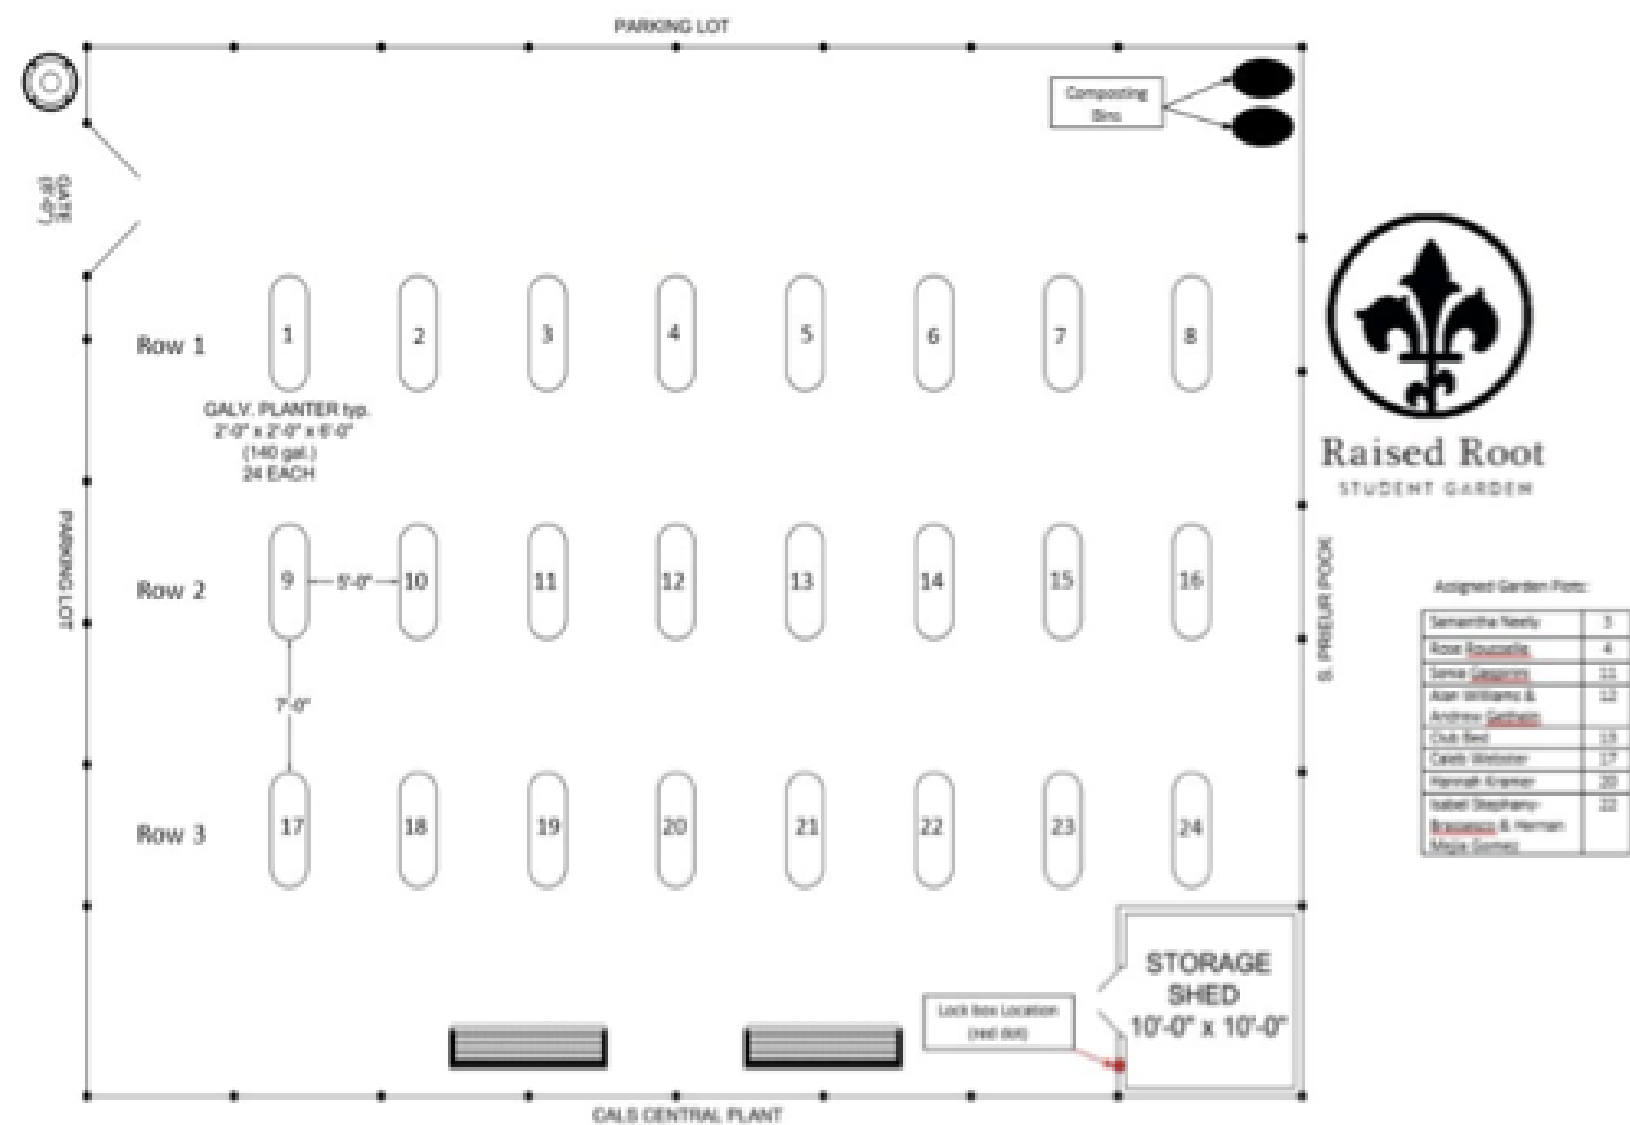

Raised Root Garden

- The "Raised Root" Student Garden is a dedicated greenspace and community garden.
- Originally established in 2015
- Our Herb bed: Dedicated to: Dr. Joseph M. Moerschbaeche, III "For his unwavering support of students and his love of gardens"
- LSUHSC students, faculty, and staff can rent an irrigated garden bed to grow their own plants and learn how to grow their own food.

Garden Layout

How it works...

"Rent" is \$15 per semester for students.

Beds are irrigated so you don't have to water your plot

Grow your own fruits, vegetables and flowers.

All the tools you need to get started are provided by the garden. (Seeds, tools, fertilizer etc.)
