Play Therapy Principles, Goals, & Objectives: Blending Theory and Practice

Krystal Vaughn, Ph.D., LPC-S, Registered Play Therapist
Supervisor

Description

Play therapy principles, goals, and objectives will be identified in this webinar. Participants will gain greater

understanding of the key principles, goals, and objectives that define the use of play therapy.

Objectives

1. Participants will identify the principles, goals, and objectives of play therapy.
2. Participants will describe the use of play therapy principles, goals, and objective based on theoretical underpinnings.
3. Participants will compare principles, goals, and objectives of play therapy based on theoretical approaches.

LCA Content Areas: Counseling Theory, the Helping Relationship, Appraisal of the Individual
