**Q232. Hypothetical Scenario:** In the future, suppose CACREP reorganized its accreditation structure so that CACREP accredited counseling programs as a whole academic unit (i.e., department), rather than its current structure of accrediting individual counseling program areas (e.g., Addiction, Career, School, etc) within an academic counseling unit. Please rate your level of support/opposition for this hypothetical restructuring by selecting one response from the list below.

I STRONGLY SUPPORT the idea of CACREP accrediting counseling programs as a whole academic unit rather than individual program areas.

**Q233. If you have any comments or reactions to the hypothetical scenario posed above, please share them below.**
